Gelbvieh Bulls

FROM THE BREEDER

With another calving year upon us, what an exciting time to be a part of the cattle industry. With today's strong markets now is the time to introduce strong genetics to complement your herd.

After 16 years of breeding purebred Gelbviehs we have strived to produce bulls that are well tempered, easy calving, heavy haired, with the sought after dark red coloring. By never pushing the feed hard to these bulls, it contributes to their good feet and longevity.

Every bull is individually priced so they are never picked over. We always back our bulls, if you have any issues with your bull we want to hear from you, please don't hesitate to call.
